**Re: REA (Register Employment Agreement)**

**Dear Members,**

As you were aware that a “Big Bone of Contention” within our Industry and among many other issues, has been the REA (Register Employment Agreement).

It was agreed that we would look at restructuring the existing REA to reflect both the Electrical Industry today and also the very poor economic times that we have.

There are 25 clauses in this agreement and we will request that each of our Members (as requested previously) take the time to have a detailed look at each clause and forward your comments either to

- a) change wording in a clause or
- b) delete where you feel necessary or
- c) no change required.

Your comments/suggestions should reach us on or before Monday the 27<sup>th</sup> April 2009.

The Executive Council of the AECI will then be meeting with other Bodies before eventually putting our restructured REA to a final meeting with the TEEU.

We are under no illusion that all our suggestions will be agreed by the TEEU, however, we must not give up on issues we feel strongly about.

Yours Sincerely,

A handwritten signature in blue ink that reads 'Chris Lundy'. The signature is written in a cursive, flowing style.
