3rd July 2009

Re: TEEU Strike Action

Dear Members,

As per our previous memo the AECI had a meeting yesterday, Thursday the 2nd July 2009, with the LRC (Labour Relations Commissions) as requested to seek ways of resolving some issues and averting the TEEU Strike Action.

The AECI again explained their position that in the current climate their members could not agree to a pay increase.

The result of this meeting was passed on to the TEEU with an offer to sit at the table with them, today the 3rd July 2009, however, the TEEU refused to meet unless their demand for a pay increase was agreed beforehand.

Finally to confirm that the AECI understands that the TEEU Strike Action will go ahead, as they have planned.

Any further changes on this matter we will inform you immediately.

Yours Sincerely,

Chris Lundy
Executive Secretary
