7<sup>th</sup> October 2009

**Dear Member,**

The Electrical Industry, in particular, is continuing to experience a very difficult time, mostly due to the collapse of the Construction Industry but also the tight restrictions being operated by our Banks.

The AECI is continually looking for areas of work that may benefit our Members to get through this bad patch.

We recently emailed details on a 1 Day Information Seminar on Emergency Lighting and Fire Alarm Detection Systems with some Health and Safety, which is being organised in different venues, i.e. Dublin, Cork, Limerick, Galway, Cavan and Carlow. This seminar is aimed at the **Responsibilities** of the Electrical Contractor.

The AECI is finding it very challenging, trying to cover the cost of running an office to support our Electrical Contractor Members and fight for a better Industry for the future. While we understand that some of our Members are finding it difficult to pay the AECI Subscription 2009 we can come to some arrangement to resolve this matter. We would, however, like you to confirm to us if you wish to remain a Member of the AECI and to continue to receive all the updates relating to the current meetings with the Government Departments, TEEU, NJIC, PSA and Labour Court and continue to use the AECI logo on letterheads and vans while continuing to receive Member's discount from Árachas.

Please confirm to us by return any changes in your details, i.e. email address, contact details, telephone numbers, numbers of employees etc. If your Subscription for 2009 has been forwarded in the mean time we are very grateful.

PS: Please see attached:           1. Letter relating to information seminar.  
  2. Statement – amount outstanding on our records.

Yours Sincerely,

---

Chris Lundy  
Executive Secretary
